

Dunedin Hospital Surgical Registrars gain exposure to a broad range of surgical specialties and subspecialties (including tertiary level caseloads) - why would you consider anywhere else?

One of only two medical schools in New Zealand, Dunedin is a renowned teaching hospital with strong university links.

Our General Surgery department is seeking a Surgical Registrar to fill General and Reliever Positions commencing as soon as possible. Runs available include:

General Surgery

Urology

Neurosurgery

Vascular Surgery

Breast Surgery

Plastics

Located in a vibrant and friendly city in a beautiful natural setting. A strong local arts and music scene, frequent sporting events and cultural festivals, great shopping, and the abundance of restaurants and bars in the charming historic city centre guarantee you will never be short of entertainment. This sophisticated city is wonderfully balanced with the great outdoors - surf beaches are at hand, as well as nature reserves and some of New Zealand's unique wildlife. It's an easy trip to ski fields and one of the best wine-growing regions in the country. There are numerous opportunities for hiking, mountain biking, fishing and many adventure sports to experience at nearby tourist hubs.

By working in a University Hospital and being guided by a team of dedicated Surgeons, Registrars will experience great support for educational needs. Weekly teaching plus case discussions, journal clubs and peer review sessions are part of the regular events available to Registrars. A mix of training and non training registrars creates a supportive and diverse working environment.

In a department that has a strong academic presence; opportunities for the successful candidates will be far and wide and will involve excellent opportunities to undertake research as part of training.

Successful candidates will have a minimum of two years post graduate medical experience, possess a strong Surgical interest and be able to commence as soon as possible. Overseas applicants MUST be eligible for New Zealand Medical Council Registration.

The reliever position will allow a registrar to rotate through specialties including general, breast, plastics, vascular, neurosurgery and urology. This will allow candidates to develop a broad range of surgical skills and experience..

Please contact Rhonda.Skilling@southerndhb.govt.nz or 03 470 9570 or 0272 024585 if you are interested and we will arrange for one of our current registrars to speak with you about working here and answer any queries.
