The following additional support staff are available on nights (tick where appropriate):-

1 \*

There is additional medical support at night from the following (tick where appropriate).

2 \*

<sup>1</sup> Comments: "Senior nurses on at night ("after hours management") but skills and availability are highly variable"; "On call consultants and on call lab technicians and radiographers, they can be rung if we need anything. No technicians available as they only come when needed"; "On call lab and xray".

**Overall medical staffing is at appropriate levels at night.**

**Handover is effective and supported.**

<sup>2</sup> Comments: "Can contact ICU if patient thought to need their care otherwise no"; "Anaes registrar (covering theatre and ICU and wards)"; "Off-site on call consultants"; "Specialty consultants".

**There are well established escalation processes if house officers need help.**

**For support or assistance on nights do you call:-**

3,\*

<sup>3</sup> Comments: "As House Officer you would call the Registrar; as a Registrar the SMO".

If you answered "SMO" to the previous question please indicate below on which specialties are the SMOs approachable and responsive:

4 \*

The house officers received adequate and appropriate orientation to nights.

<sup>4</sup> Comments: "Unsure about other departments".

**Is there an assessment or audit process in place that monitors safety for RMOs and their patients on nights.**
